* Dynamic Contrast specifications are defined by Toshiba's standard which is based on measured results.

** DVB-C / DVB-S2 / H.264 tuners are capable of supporting the base standard for any country broadcasting H.264 / DVB-C / DVBS and DVB-S2 signals. Full operation is dependant on Conditional Access (CA) systems and additional standards implemented in your country.

Product design and specification subject to change or modification without notice. Specification correct at time of publication. Please check specification with retailer prior to purchase.
